i-Size

Ever-increasing safety and ergonomics standards, thanks to the i-Size version

OVO Premium is now available in the i-Size version. In fact it can be combined with the new car seat Niki i-Size, to offer the **maximum safety in case of side impacts**. The new car seat is suitable for children from 40 to 80 cm height and up to maximum 13 kg weight. It guarantees from the very first journey excellent safety performances, thanks to a **better protection of the newborn's head and neck** due to its reinforced, thicker side protections and headrest. Ovo Premium is **well appreciated for its handling** thanks to the ball bearings on front wheels and **offers great comfort to the child** thanks to its wide backrest and seat unit and to the adjustable footrest

Details that make the difference

Carrycot

Complies with ECE R44/04 – group 0, (from birth up to 6 months approx.)

The most spacious

Practical, easy to handle with rigid structure, this carrycot is very spacious to welcome the child up to 6 months (inner dimensions 73x33cm)
