Details that make the difference

Nanna Oh

MADE IN ITALY

BREVI PATENTED

Made in Italy rocking side bed

designed and manufactured at Brevi's premises, Nanna Oh is a practical and safe bedside crib, with exclusive swinging function to lull your child, thanks to the rocking base

Easy to use
the rocking/locking device of the frame can be easily done

Standing up and without bending

parents can approach the crib to the bed. Feet are equipped with non-slip rubbers. By a gentle pressure on each pedal, it's practical to approach the crib to the bed

BREVI PATENTED

Practical
while making the bed

Proper mattress

Nanna Oh has a proper mattress to support the baby's spine: neither too hard nor too soft, it's 4,5 cm high

Suitable for most of the beds
easy and secure fastening system to parents' bed, thanks to practical straps near the leg of the cradle.

Nanna oh can be used as a traditional crib: it comes with a storage pocket for the fastening belts. Suitable for storage beds

Lateral breathe-through tab

when it is used as a traditional crib, the hinged lip has a mesh side window, which allows the child to see the space around him. This window also helps proper ventilation of the cradle

Carrying bag provided

easy to disassemble. It takes a small space and can be carried everywhere thanks to its transport bag (folded: 94,5x55x19 cm)

6 height positions

the two simple buttons on the sides give the crib up to six height positions. (from 33.5 cm - position 1 - and up to 49.5 cm - position 6-) to suit the parents' bed height

Removable and washable fabric

the easily removable covering can be washed by hand. Removable and washable mat cover

4 concealed rubber wheels

it is handy, lightweight, easy to transport, ideal for moving in the house

Reclining function

easy tilt adjustment, independently on both sides, to help the child breathe easier and help digestion

Homologation
Complies with EN 130 e SGS CdC per co-sleeping
